CONTENTS

Recent volcanological researches on Vesuvius
B.D. Vivo, R. Scandone and R. Trigila 1
Mount Vesuvius: 2000 years of volcanological observations
R. Scandone, L. Giacomelli and P. Gasparini 5
The tectonic setting of Mount Vesuvius and the correlation between its eruptions and the earthquakes of the Southern Apennines
W. Marzocchi, R. Scandone and F. Mulargia 27
The Ottaviano eruption of Somma-Vesuvio (8000 y B.P.): a magmatic alternating fall and flow-forming eruption
G. Rolandi, S. Maraffi, P. Petrosino and L. Lirer 43
The Avellino plinian eruption of Somma-Vesuvius (3760 y.B.P.): the progressive evolution from magmatic to hydromagmatic style
G. Rolandi, G. Mastrolorenzo, A.M. Barrella and A. Borrelli 67
Fluid inclusion studies of ejected nodules from plinian eruptions of Mt. Somma-Vesuvius
H.E. Belkin and B.D. Vivo 89
Modeling of the ascent of magma during the plinian eruption of Vesuvius in A.D. 79
P. Papale and F. Dobran 101
Tephrostratigraphy of the A.D. 79 pyroclastic deposits in perivolcanic areas of Mt. Vesuvio (Italy)
L. Lirer, R. Munno, P. Petrosino and A. Vinci 133
The 1631 Vesuvius eruption. A reconstruction based on historical and stratigraphical data
M. Rosi, C. Principe and R. Vecci 151
The 1631 eruption of Vesuvius
G. Rolandi, A.M. Barrella and A. Borrelli 183
Time correlation by palaeomagnetism of the 1631 eruption of Mount Vesuvius. Volcanological and volcanic hazard implications
J.C. Carracedo, C. Principe, M. Rosi and V. Soler 203
Magnetic stratigraphy of Vesuvius products. I. 1631 lavas
P.R. Gialanella, A. Incoronato, F. Russo and G. Nigro 211
Vesuvius 1906: a case study of a paroxysmal eruption and its relation to eruption cycles
G. Mastrolorenzo, R. Munno and G. Rolandi 217

Recent geophysical investigation at Somma-Vesuvio volcanic complex
G. Berrino, U. Coppa, G.D. Natale and F. Pingue 239
The evaluation of volcanic risk in the Vesuvian area
R. Scandone, G. Arganese and F. Galdi 263
Sampling and major element chemistry of the recent (A.D. 1631–1944) Vesuvius activity
H.E. Belkin, C.R.J. Kilburn and B.d. Vivo 273
Geochemistry of Vesuvius volcanics during 1631–1944 period
B. Villemant, R. Trigila and B. DeVivo 291
Petrogenesis of Vesuvius historical lavas constrained by Pearce element ratios analysis and experimental phase equilibria.
R. Trigila and A.A. De Benedetti 315
Be isotope and B-Be investigations of the historic eruptions of Mt. Vesuvius
J. Morris, J. Ryan and W.P. Leeman 345
Helium isotopes in some historical lavas from Mount Vesuvius
D.W. Graham, P. Allard, C.R.J. Kilburn, F.J. Spera and J.E. Lupton 359
Silicate-melt inclusions in recent Vesuvius lavas (1631–1944): II. Analytical chemistry
G. Vaggelli, B.D. Vivo and R. Trigila 367
Preliminary Sr and Nd isotopic data for recent lavas from Vesuvius volcano
G. Caprarelli, S. Togashi and B.D. Vivo 377
